### **DETAILED ACTION**

Claims 1-29 are pending in the application.

The amendment filed After final rejection on 9/21/05 was entered, and the finality of the previous Office Action is hereby removed.

### ***Claim Rejections - 35 USC § 112***

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-29 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Upon further consideration, it is deemed that the claims are indefinite because the independent claims recite more than one composition, or alternatively, more than one process for preparing

Claim 1 for example recites 'a process for preparing a composition', which prepares a composition by 'drying said second solid phase' of part (d). However, claim

Art Unit: 1655

6 states that claim 1 further comprises a step (e), wherein the second liquid phase is precipitated to form another solid/liquid phase wherein the solid phase is dried to produce a product. Therefore, claim 6 recites a patentably distinct product from claim 1. It is suggested that claim 1, part (d) be reworded to read 'drying said second solid phase, wherein said dried second solid phase is the composition'. Further, it is suggested that claim 6 is cancelled and a new independent claim be added which recites the further purification of part (d) of claim 1.

Claims 16 and 21 possess the analogous indefiniteness as presented supra regarding claims 1 and 6.

Because claims 2-5, 7-15 and 22-29 necessarily depend upon claims 1 and 6 and 16 and 21 these claims are also deemed indefinite.

Claims are free of the art. No Claims are allowed.
